

Stockholm Guide

English 

 **Stockholm**
The Capital of Scandinavia

Welcome to Stockholm! Where an urban pulse meets serenity.

Stockholm is a city of contrasts. Trends in music, design, fashion, and technology are born here, and innovations that spread worldwide are invented here. Stockholm also has a rich history comprising exciting architecture, museums, the Royal Palace and the medieval urban core of Gamla Stan. Trendy bars and world-class restaurants are shoulder-to-shoulder with historic cafés and cozy neighborhood pubs. This is a city of modern galleries and exclusive department stores, as well as small boutiques and unique shops. Stages and arenas attract Swedish and international stars. Large and small events come one after the next.

Stockholm is simultaneously urban and close to nature; water is an ever-present feature in this city where lake and sea meet. Parks and green areas abound, and the distinctive white archipelago boats travel to the islands all year long. The atmosphere is open and welcoming, and diversity and innovation are encouraged. Stockholm is a city for everyone.

We hope you have a wonderful stay with us!

Stockholm archipelago and excursions

Situated near the water and an archipelago of nearly 30,000 islands, islets and skerries, Stockholm is unique. Traffic from the white archipelago boats is plentiful in the summertime, but even in winter, unique experiences await beyond the city. Here, you can enjoy beautiful and special nature, take a seal safari, visit historic settings, see art, hike, cycle, paddle, and eat locally sourced dishes and archipelago delicacies.

f **Tips!**

“Seeing Stockholm by water is a must.”

Greg Burgess, Glasgow, UK

Winter in the archipelago

A wintertime tour of the Stockholm archipelago is at least as lovely as one in summer. The air is fresh and crisp, and the dark water is a stark contrast to the snow-draped islands. It is quiet, peaceful. Finnhamn, Mjöja and Sandhamn are some of the islands you can visit in winter. You can also take a guided tour, eat a Christmas buffet or ride to a Christmas market, for example on Utö.

Island life that is close to the city

The Fjäderholmarna islands are the perfect destination if you don't have a ton of time, but still want a taste of the archipelago. In just 25 minutes, you'll reach this cozy island with red cottages, restaurants, cafés, shops and handicrafts such as glassblowing. This is also home to one of Mackmyra's oldest whisky warehouses. www.fjaderholmarna.se

Johnny's best tips!

"One of many favorites is to take a boat from Nybroplan to Fjäderholmarna in the summer. Just 25 minutes from the city. It's best to ride there in the afternoon when most people are going home. Eat something delicious at one of the restaurants and then find a spot on the cliffs and enjoy the sunset before taking the boat back home."
